

Affordable Connectivity Program Option 1

AFFORDABLE CONNECTIVITY PROGRAM

The Affordable Connectivity Program (ACP) is a program to help low-income households pay for broadband internet services. Those who qualify may receive up to a \$30 discount for broadband services.

Find out if you qualify and how to participate. Visit fcc.gov/ACP

Affordable Connectivity Program Option 2

AFFORDABLE CONNECTIVITY PROGRAM

Helping Households Get Access to Broadband

The Affordable Connectivity Program (ACP) is an FCC benefit program that helps ensure households can afford the broadband they need for work, school, healthcare and more. The benefit provides a discount up to \$30 per month toward internet service for eligible households.

For more information on the ACP, please visit [fcc.gov/ACP](https://www.fcc.gov/ACP)

Affordable Connectivity Program Option 3

FCC Affordable Connectivity Program
ACP Wind-Down

Without additional funding from Congress, the ACP fund is projected to run out in April 2024. As a result, the FCC has begun taking steps to wind down the ACP, which means:

- New ACP applications will not be processed after Feb. 7, 2024.
- Households who are already receiving the monthly internet discount will continue to receive their ACP benefit until the ACP funds run out, as long as the household remains enrolled in the program.
- After the ACP funds run out, households participating in the ACP will no longer receive the ACP discounts.

If you already receive the ACP discount, please contact us to learn how this may affect your monthly bill.
